EXPERIENCE

September 2011 - Present

Independent Game Developer from anywhere

I'm currently working on a few games.

- Pinkies Up
- Crystal Brawl

Cocos2d, Box2d, and GameKit
Construct 2

August - September 2012

Volunteer at 達達美語補習班 (Dada School) in 中壢 (ZhongLi), 台灣 (Taiwan)

I assisted in teaching kids English by creating activities for younger students and having conversation with elder students. I also did general work: house chores, cooking, and babysitting.

January - February 2012

Volunteer at Babycastles in Brooklyn, NY

I helped setup and facilitate art game installations, and helped with organizational development.

January - February 2012

Intern at zdLLdz in Brooklyn, NY

I assisted during a film shoot and researched stereoscopy in film and games.

February - May 2011

QA and Release Engineer at Perfect World Entertainment in Foster City, CA

I oversaw day-to-day tasks for the Engineering Department, which involved:

- Acting as a liaison between the Engineering and Operations Departments
- Testing and releasing new code, ensuring it meets the requirements and deadlines
- Improving the software process by implementing intermediate steps
- Maintaining the bug databases

February - October 2010

Software Developer at Segin Systems in Virginia Beach, VA

I developed code for their flagship web based real estate software, which included:

- Implementing interfaces for third party title software C#, T-SQL
- Developing web pages for RynohLive's core module ASP.NET, C#, LINQ to SQL
- Developing applications for administrative use Windows Forms, C#, LINQ to SQL
- Creating a web based Good Faith Estimate calculator Javascript, HTML
- Maintaining the informational website—rynoh.com PHP, HTML
- Participating in meetings with clients, marketing associates, and coworkers

Summer 2008

Assistant of the Manager at LaQuinta Inn & Suites in Norfolk, VA

2003 - Death

Temporary Manager at Village Motel in Chesapeake, VA
